

Tea Market Report - Sale of 8 & 9 December 2025

MARKET SYNOPSIS

- Cyclone Ditwah, which had a devastating affect on Sri Lanka, caused only limited disruptions to the tea industry which once again demonstrated its resilience with Sale No. 47 which was scheduled for 01/02 December being conducted on 08/09 December 2025.
- The auction witnessed a buoyant market all round emanating perhaps partially due to an absence of an auction last week.
- Improved activity for the liquoring teas.
- Teas at the lower end of the market continued strong in almost all categories.
